WORKSHOP: TRAUMA IN FAMILY COURT

The purpose of the workshops is to create and sustain a partnership between the local court, local practitioners, and psychological and local resources to create trauma-informed family courts in each circuit. The target audience will include judges and magistrates who hear domestic relations cases, family law attorneys, and court staff. The goal of the event is to better serve Florida's families and future by cultivating trauma-informed and trauma-responsive domestic relations courts. This interactive workshop will address the impact of toxic stress, adverse childhood experiences, resiliency, self-care technology, and guiding principles for family courts.
