#### Anomaly and Crossover Working Group

The multi-agency, multi-disciplinary Anomaly Working Committee exists to explore cases that present an anomaly (e.g. Abeyance) to the classifications of expedited, standard, or complex so that these cases may be properly identified and managed throughout the Court process. The goal is to offer pilot-tested, recommendations for proper and effective in-take of these cases, along with recommendations for staff training and resource allocation (or re-allocation) that provides for the long-term efficiency of a circuit-wide DCM system for all cases involving the family.
